DETAILED ACTION

Drawings

1. The drawings were received on December 23, 2003. These drawings are not acceptable. The sheet is not identified as a "Replacement Sheet" as required by 37 CFR 1.121(d).

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 5-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 5 recites the limitation "the drift electrode" in line 2. There is insufficient antecedent basis for this limitation in the claim. A drift electrode is established by claim 4, not claim 1. The balance of the claims is rejected on the basis of their dependence.

Response to Submission(s)

4. The amendment filed December 23, 2003 has been entered. The delay in associating the amendment is regretted.

Allowable Subject Matter

5. Claims 1-4 and 9-12 are allowed.
6. Claims 5-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
7. Applicant's arguments, see pages 7 and 8, filed December 23, 2003, with respect to the combination of Lemmonier *et al.* and Comby *et al.* have been fully considered and are persuasive. The rejection of claims 1-3 has been withdrawn.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
